PROFILE

Frontend Web Developer with hands-on experience building responsive, user-friendly WordPress websites using Elementor, HTML5, CSS3, JavaScript, and PHP. Skilled in translating designs into clean, functional layouts, implementing on-page SEO, and optimizing site performance. Delivered multiple live client websites and committed to continuous learning and strong user experience.

CORE SKILLS

Development: WordPress Development, Elementor Website Builder, HTML5, CSS3, JavaScript, PHP, Responsive Web Design, Custom CSS & Animations, AI-Assisted Development (Vibe Coding)

Optimization: On-Page SEO, Website Speed Optimization, WordPress Theme Customization

WORK EXPERIENCE

Frontend Web Developer (WordPress) — D Soft Solutions *Dec 2024 – Aug 2026*

Promoted from Intern to full-time Developer in Dec 2024

- Designed and developed multiple live WordPress websites using Elementor for client and internal projects.
- Built custom responsive layouts using HTML, CSS, and Elementor styling for desktop and mobile.
- Implemented UI animations and interactive design elements to improve user engagement.
- Performed on-page SEO, including meta tags, heading structure, and internal linking, to improve search visibility.
- Started as an intern assisting with WordPress builds under senior developer guidance before transitioning into a full development role.
